 L/W/H (inches)34/31.5/86
 Weight374 lbs

Portable material lift for construction and industrial applications.

Standard Features Include:

- Heavy duty design, yet light-weight and portable
- Quick setup requires no tools
- Loads easily into a pickup truck for transporting
- Rear transport wheel assembly
- 4" front casters and 5" rear casters with side brakes are standard
- Hold-down bar holds mast assembly in place during transport

For increased reach, the forks may be quickly reversed for added height by pulling four plunger pins.
